Medical.

Hoofland's German Bitters,
AND
HOOFLAND'S GERMAN TONIC.
The Great Remedies for all Diseases of the
LIVER, STOMACH, OR DIGESTIVE ORGANS.

Hoofland's German Bitters

Is composed of the purest juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.
Those preferring a Medicine free from Alcoholic admixture, will use
HOOFLAND'S GERMAN BITTERS.
Those who have no objection to the combination of the Bitters, as stated, will use
HOOFLAND'S GERMAN TONIC.
They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.
The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathising as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases
Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which has learned from the investigations and inquiries possesses true merit, is skilfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—
HOOFLAND'S GERMAN BITTERS,
AND
HOOFLAND'S GERMAN TONIC,
PREPARED BY *Dr. C. M. JACKSON,*
PHILADELPHIA, PA

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited more suffering humanity to a greater extent, than any other remedies known to the public.
These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.
DEBILITY,
Resulting from any Cause whatever;
PROSTRATION OF THE SYSTEM,
Induced by Severe Labor, Hardships, Exposure, Fevers, etc.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.
PERSONS ADVANCED IN LIFE,
And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; so much so that they almost "never feel well." They are languid, devoid of energy, extremely nervous, and have no appetite.
To the class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN
Are made strong by the use of either of these remedies They will cure every case of MARASMUS, without fail. The wonderful certificates here annexed, all from the hands of the proprietor, but space will allow of the publication of but a few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

HON. GEO. W. WOODWARD,
Chief Justice of the Supreme Court of Penna., writes:
Philadelphia, March 16, 1867.
"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours, truly,
GEO. W. WOODWARD."

HON. JAMES THOMPSON,
Judge of the Supreme Court of Pennsylvania.
Philadelphia, April 23, 1866.
"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia, I can certify this from my experience of it.
Yours, with respect,
JAMES THOMPSON."

FROM REV. JOSEPH H. KENNARD, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.
Dr. Jackson—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail, but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.
Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates st.

FROM REV. E. D. FENDALL,
Assistant Editor Christian Chronicle, Philadelphia.
I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours, truly,
E. D. FENDALL.

LOGAN'S GATHERING.

BY JAMES G. CLARK.

The following splendid Campaign Song is published in sheet form and dedicated to General JOHN A. LOGAN. The sheet music contains a fine lithograph likeness of Logan. Poetry and music by James G. Clark, the best of our living song writers. Published by C. M. Tremaine, 481 Broadway, New York. Price, 50 cents.

From the West where the rivers in majesty run,
And the bold highlands catch the last kiss of the sun;
From the East where the Gentiles saw Bethlehem's morn,
From the South where the beautiful summer is born;
From the North where the lakes are like mirrors unrolled,
And the autumn woods frame them in purple and gold,
We come in the name of the nation and God,
To crush the last viper from liberty's sod.

Stand out of our sunlight, beware of our wrath,
Ye hound that have howled on the fugitive's path,
Who over your country's dishonor would gloat,
And treasure the knife that was aimed at her throat;
Go, follow the leader, who, yoked with a knave,
Renounces a life with the noble and brave,
And, leaving the cedos of Freedom, can take
To the nest of the buzzard or den of the snake.

Let their deeds be recounted with hate and disdain,
And their names only mentioned with Judas and Cain,
Who would strike down the truth that a race may be slaves,
Or sell it in secret to robbers and knaves.
And woe to the leaders, and woe to their tools,
When the land shall remember its traitors and fools,—
When tyrants are writhing in dust and disgrace,
And the children of liberty reign in their place.

By the martyrs whose lives are the beacon of Time,
Whose death made the cross and the scaffold sublime;
By the graves of our brothers who fell as they fought,
For the gift which the blood of our forefathers bought;
By the Heavens, where the tide of eternity rolls,
O'er the armies of earth, with its armies of souls,
We swear that our banner shall never be furled
Till tyranny dies from the realms of the world.

LINCOLN AND GRANT.

Richardson's new life of Grant contains the following incident of camp life in Virginia: "One afternoon a gaunt civilian, wearing garments of rusty black and a stove-pipe hat, walking up in the rear of headquarters, was accosted by a hostler:
Hostler (gruffly)—"Keep out of here."
Visitor—"Isn't this General Grant's tent?"
Hostler—"Yes."
Visitor (striding forward)—"Well, I reckon he will let me inside."
Hostler—"You will soon find out!"
As he neared the tent, a guard mistook him for an agent of the Sanitary or Christian Commission:
Guard—"No Sanitary folks allowed inside!"
Visitor—"I guess General Grant will see me."
Guard—"I can't let you pass, but I'll send him your name. What is it?"
Visitor—"Abraham Lincoln."

SCENE IN A HOTEL.—Stranger—"Have you a good, strong porter about the house?"
Clerk—"Yes, we have the stoutest one in the place."
Stranger—"Is he intelligent?"
Clerk—"Quite intelligent for a porter, we think."
Stranger—"One point more: do you consider him fearless—that is, bold and courageous?"
Clerk—"As for that matter, I know he is; he would not be afraid of the devil himself."
Stranger—"Now, Mr. Clerk, if your porter is intelligent enough to find room No. 117, fearless enough to enter, and strong enough to get my trunk away from the bedbugs, I would like to have him bring it down."

A FRIEND tells a good thing of a wounded soldier who, in 1864, was brought from the Weldon road to City Point, on the James. As he lay on his stretcher, an old woman passed along, peddling pies known as "turnovers," the crusts of which were of the real iron-clad species. The soldier bought one, and after giving his teeth a fair trial on it, he hailed the peddler with—"Say, mother, be these pies sewed or pegged."

Sham Democracy began with State sovereignty, progressed into nullification, developed into secession, and culminated in civil war.

"MEET LIZZIE AT SIX."

A Touching Story of Every-day Life.

"Meet Lizzie at six." That was all the despatch contained. Four little words; yet what an excitement they caused in the house-hold of Maple cottage, the quiet, sober house-hold, whose members at the moment of its reception were on the point of going to rest for the night.

"Meet Lizzie at six!" Was our darling indeed so near to us? Two years and three months had passed since our eyes had been gladdened by her girlish beauty, since her voice had mingled with the bird-music that floated all the long Summer days among the maples. Two years and three months she had been buried among books, in a far distant city, bowing her sunny curls over algebra and geometry, grammer and philosophy, astronomy and botany, French and Latin; patiently at first, because her parents desired it; afterwards cheerfully to please the teachers she had learned to love; and at last those studies unlocked to her.—But it was over now, those toilsome years, and she was on her way to us once more—our Lizzie, our pet and pride—we should meet her at "six."

She left B— in the morning; had journeyed without stopping, all day; this we guessed at once; and at eight in the evening, finding a hasty opportunity, she had telegraphed to us the words above.

At six the Eastern train arrived at our station. Lizzie was to ride all night, for the sake of reaching home thus early. It was like her, impulsive, warm-hearted child that she was!

How little we slept that night! What slight sounds aroused us? how early we were all astir—even the baby and the white-haired grandfather. "Meet Lizzie! he said; "aye, indeed, will we!"—and the old man's voice caught a youthful tone, and his crutches an elastic movement, as he hobbled about the house giving orders, as if the responsibility rested upon him, to be sure.

There was Hannah, too, bewildering the mother about the breakfast. "Did Lizzie like coffee or cocoa best? And would she make biscuits or waffles?" And the mother, suiling all the time, nodded her head to everything, and went hurrying about, with the gridiron in one hand and the egg-boiler in the other, coaxing Fanny, with mysterious aprons full of something, was flitting up-stairs and down, leaving a book here, a flower there, a daguerreotype on the table, or a rosy-cheeked Fall apple in the window—something for Lizzie to see and smile at. Only the father seemed undisturbed. We noticed, to be sure, that the dimples in his cheeks, which Lizzie always said she made with her fingers when she was a babe, looked deeper when he smiled, and that his voice was a trifle less steady when he told Thomas to bring the horses; but he did not like to be considered a demonstrative man, so we only looked significantly at each other and said nothing.—Still waters are sometimes *very deep.*

At last the carriage came around and we got in; two of us beside the father, who was to drive. There was room for more, but it was quite out of her line, the mother said, to go on a dashing drive before breakfast; so we left her on the piazza, with the pickle-dish in her hand, and wiping her eyes with her apron.

It was half a mile to the depot and the sun had not quite risen when we started.—How balmy and pure the air was that soft September morning! We thought, egotistic as we were in our happiness, that nature sympathized with us. It seemed as if there never had been as fair a sunrise before, and half the glory of the morning would have been wasted had Lizzie not been coming home.

The cars had not arrived when we stopped at the station, but we heard the whistle of the locomotive not very far distant; and those few sweet waiting moments—what a world of blessed anticipations they held! The sun was rising—ah! Lizzie, Lizzie!

THIS is our last issue before the final battle, and to-day we make the last appeal to our Republican friends. We hope next week to announce the election of Grant and Colfax and the defeat of Treason and Rebellion. To make this defeat a crushing one, it behooves every Republican to do his duty. When the Union armies were closing around the shattered Rebel columns at Appomattox Court-house, Sheridan telegraphed to Grant for reinforcements, which were summed up in two words—"PUSH THEM!" Friends of Grant and Colfax, let that be your watchword now. Push the enemy next Tuesday, and we will have another Appomattox.

FRIENDS of Grant and Colfax, see to it that not a single vote is lost on Tuesday next. We expect to elect Grant and Colfax, but we want to do it by a majority that will overwhelm the Rebels and Copperheads of the country, and give us permanent Peace.—Let there be no laggards or stay-at-home Republicans on Tuesday.

MOVE steadily and strongly on the Enemy's works! They are "demoralized." "Push them."

THE Copperhead majority in 1867 in Adams has been reduced 49 votes.

With GRANT at the head of our victorious columns, we should gain at least 150 more.

POLL EVERY VOTE!

POSTPONED.

THE Meeting at EAST BERLIN has been POSTPONED to MONDAY EVENING, Nov. 2—the night before the election.

The Issue—Peace or War!

GEN. GRANT, the great soldier who conquered the Rebellion, pleads for speedy restoration of the country to peace and prosperity. Hear what he says in his letter accepting the Republican nomination:

"Peace and universal prosperity, its sequence, with economy of administration, will lighten the burden of taxation, while it constantly reduces the national debt. LET US HAVE PEACE!"

On the other hand the Democratic party, in its platform, calls for renewed agitation, declaring the reconstruction acts of Congress "USURPATIONS AND UNCONSTITUTIONAL, REVOLUTIONARY AND VOID." Gen. BLAIR, their candidate for Vice President, following out the logical sequence of this revolutionary doctrine, declares for renewed CIVIL WAR. Read what he says in his celebrated Broadhead letter:

"There is but one way to restore the Government and the Constitution, and that is for THE PRESIDENT ELECT TO DECLARE THESE ACTS NULL AND VOID, COMPEL THE ARMY TO UNDO ITS USURPATIONS AT THE SOUTH, DISPERSE THE CARPET BAG STATE GOVERNMENTS, ALLOW THE WHITE PEOPLE TO RE-ORGANIZE THEIR OWN GOVERNMENTS, AND ELECT SENATORS AND REPRESENTATIVES.

We must restore the Constitution before we can restore the finances, and to do this we must have a President who will execute the will of the people by TRAMPLING UNDER FOOT USURPATIONS OF CONGRESS, KNOWN AS THE RECONSTRUCTION ACTS.

Blair is backed up by Gen. Hampton, the traitor who [illegible] the idea of raising the [illegible] during the war of the Rebellion, [illegible] vented the assassination [illegible] taken prisoners, [illegible] be the author of the [illegible] Platform. On the [illegible] York he made a ratification speech in Charleston full of Rebel hate and malignity, maintaining his devotion to the "Lost Cause," and claiming that all that the Confederacy fought for would be secured "if the Democracy succeeded in electing Seymour as their standard bearer."

Here, then, is the issue—plain and direct: GRANT, COLFAX and PEACE —or SEYMOUR, BLAIR and WAR!—Let every voter decide the question for himself on Tuesday next.

THE LESSON OF THE HOUR.

THE Democratic party threw away what little chance they had of success this fall by shamelessly and defiantly re-affirming at the New York Convention their affiliation with Treason and Rebellion, and their leaders now stand aghast at the popular rebuke. The October elections, following those of Vermont and Maine, show the determination of the people to reconstruct the Government in the interest of Loyalty and permanent, enduring Peace.—Those who fought out the war to the bitter end, at whatever expense of money or blood, are determined that the ballot shall not nullify the victories of the sword; that Lee shall not conquer Grant at the polls after having been defeated by him on the battle-field.—Let the loyal men of the Republic poll a full vote on Tuesday next, and make this verdict so plain and distinct that every Rebel and Rebel-sympatizer in the land shall understand it.

LET US HAVE PEACE! Vote for GRANT.

AT A RECENT meeting of old Democratic friends of Gen. JOHN COCHRANE of New York City, these resolutions were framed:

Whereas, We have always belonged to a Democratic party that believed in hard money, in Loco-Foco radicalism, in a war policy against enemies, in Free Trade, and in the eternal hostility of Andrew Jackson to Calhoun Nullification Rebels, we can no longer belong to a party that opposes these good old Democratic principles, and believes in greenbacks, panic conservatism, in peace with enemies, that votes for a high tariff, and is led by Jeff. Davis Secession Rebels.

And whereas, This party is nothing more than an association of Rebels, ringmasters, stock-jobbers, and money-brokers, who even now are trampling on their candidates.

And whereas, We can no longer find either a Democratic party or a Democratic ticket,

Resolved, That we hereby abandon ring-politics, and their ringers-in, and following good old Democratic principles, will go with all our might and main for the people's choice, Ulysses S. Grant.

The Copperhead machine is getting very rickety.

IN one of Grant's early battles, it is related that at the critical moment he placed himself at the head of his old regiment with the shout, "Now is the time to drive them, boys!" and secured the victory for the Stars and Stripes. In the great battle on which the future of the country depends, the moment has arrived when the cry should be, "Now is the time to drive them! Let this be the watchword—and drive them we will.

THE Democratic journals are inclined to harp on the idea that the policy carried out by A. J. is the identical policy foreshadowed by Lincoln, and which would have been carried out by him had he lived. These journals prove too much. If what they assert be true, why do they malign the memory of Lincoln.

Let no man stay at home!

THE Newcastle *Democrat* has discovered why the Copperheads were beaten in Pennsylvania. It says that too many of their party "threshed buckwheat," "husked corn" and "made cider," on that day. "Pigeon shooting" is preferable *before* the election as an excuse, to "corn husking" as an excuse *after* the election.

ALL the Republican defeated candidates for City offices in Philadelphia have filed petitions, alleging frauds in the election, and will contest the matter before the Courts. There will be little difficulty in making out a case.

POLL EVERY vote for GRANT!

POOR B. H. HILL, of Georgia, thinks that "the Southern whites will be dispirited if Grant is elected." They felt just so when he took their arms and armies.

DEMOCRATIC PAPERS still affect to despise Grant's silence. They would give all their old roosters, though, if they could tie up Blair's mouth.

REPUBLICANS! Keep up your organization. The enemy are in full retreat. The battle of Five Forks has been fought. "Push them!" "Push them!"

THE verdict on Seymour and Blair ought to be, "Died of rebel dictation in the National Convention."

SAVE the Country from Rebel rule!

WALLACE'S EXCUSES.

WALLACE, Chairman of the Copperhead State Committee, [illegible] for recklessness which has [illegible] Admirably [illegible] quite the following [illegible] last *Compiler*:

"Under the [illegible] of fraud, ignorance, intimidation and [illegible] has perpetrated the vilest frauds. Thousands of voters have been colonized, PAUPERS ASSESSED AND VOTED, repeaters hired and voted five times in Radical precincts, returns of election altered and manipulated to suit their own purposes, and fraudulent naturalization papers issued by the ream."

The world knows that 6,000 naturalization papers were illegally issued by Copperhead judges in one Court in Philadelphia alone; and Adams county people know that the Copperheads have voted the "paupers" for years,—Last election, they voted 28! Three years ago that vote elected several of the Copperhead County Ticket.

After this blast from WALLACE, denouncing this act as a *curse*—we presume the Copperhead leaders of this, Bedford and other like counties, will hereafter refuse to offer the votes of that class.

MORE OF THE FRAUDS.

ASTOUNDING ELECTION FRAUDS IN INDIANA.

LAFAYETTE, Ind., Oct. 21.—Astounding election frauds that were committed by the Democrats are constantly being detected in Indiana. The Republicans will contest the Legislative elections in nearly every county that gave a Democratic majority. Orth was swindled in this district out of 1,000 votes. County elections are contested in this district, in Carroll, Fountain, Montgomery, and Boone Counties. At least 15,000 illegal votes were polled in the State.

The following paragraph explains one of the modes adopted by the Ohio Democrats:

"A professional voter writes to the Cincinnati *Commercial* that he voted six times for Strader and twice for Cary. A partner put in about the same number of votes."

Strader and Cary were Democratic candidates for Congress in the two Congressional districts. This system of "repeating" is an old dodge of the Democracy.

WORK ON!

The Democracy, although defeated and dispirited in this first encounter, do not by any means give up the fight. They are now rallying their men for the second and final struggle, and we must be prepared to meet them. Republicans, do not slack your efforts because you have been victorious in the first battle; but press on to the overwhelming victory that awaits us under Grant and Colfax.

There may be some who, finding their party so victorious in the October elections, will conclude that there is no need for further effort. Let no one delude himself with this idea. Work is just as essential to success now as before.

THE Littlestown correspondent of the *Compiler* does not deny that one of the flags carried in the Littlestown delegation at the Copperhead Mass Meeting was borrowed from a Republican, but he says that a particular flag so carried was not so borrowed.

All we know about it is, that one of the most respectable citizens of Littlestown, a Republican, told us that *his* flag was borrowed by a Copperhead, and was carried in their procession.

We have no words to waste on the anonymous falsifier. His whole article betrays a purpose to mislead, and deceive, as to the facts. This he can probably afford to do; we cannot. No doubt something of his ill-temper must be attributed to the elections. Nearly all the leaders, great and small, are in the "sulks."

MAKE every man safe every where on American soil, by electing GRANT, who will put down Ku-Kluxism, assassination, and all the vile engines, of oppression now in use by the Southern Blair Democracy!

THE ELECTION of Hon. CONRAD BAKER, as Governor of Indiana, over the strongest Democrat in the State—Thomas A. Hendricks—and after the most exciting canvass in which the two competitors met repeatedly in joint discussions, is most gratifying to the old friends of the former, who have long watched with pride his honorable and useful career.

We are glad to chronicle the re-election to Congress of Hon. GODLOVE S. ORTH from the Lafayette district in Indiana. He had a terrific struggle, but has came out for the fourth time triumphant. He is an able man, a sound Republican, and justly influential. Higher honors await him.

THE Democracy of Georgia have "come down." Three days after the October elections, their State Committee passed a resolution, in which they say:—

"That we acquiesce in the present status of the colored race among us, and *will protect that race to the extent of our power in the exercise of the right of suffrage secured to them by the Constitution of the United States and amendments thereunto, and by the Constitution and laws of the State*"

The Northern Democracy would hardly scream with delight on that resolution. But nevertheless those who are *for*, and those who are *against*, colored suffrage, are all Democrats alike!

COMPLETE the Victories of our Soldiers, by getting guaranties against future Rebellion!

THE New York Democrats, a few days before the Pennsylvania election, raised $250,000 and sent the money into this State, besides several thousand roughs—all without avail.

REJECTED—AND WHY?

[From the *Richmond Journal.*]

To the Leaders of the Democratic party:

Your rejection by the people is decided and emphatic. Why?

You counselled the South to initiate secession.

You pronounced coercion equally revolutionary with secession.

You assailed the first call for troops as unconstitutional.

You refused to vote either men or money to carry on the war.

You bid the Southern States depart in peace.

You declared that if slavery must be destroyed to gain the Union, then the Union should perish.

You declared your preference for the rebel constitution, as against your own.

When it became apparent that to proclaim universal liberty would weaken the enemy and reward the true friends of the Union, you nevertheless opposed it.

You stoutly contended that the rebellion would never be suppressed, and triumphantly quoted every reverse to our arms as demonstrating it.

You urged the abandonment of the war, and the resort to negotiation for the best attainable terms.

In our gloomiest days, and when no political campaign was pending, you sought to inflame the passions of the people against the only Government we had, or could have.

You assailed President Lincoln as a despot.

You denounced the Government as revolutionary.

The Boys in Blue were termed by you Lincoln hirelings and dogs.

You opposed allowing the men who were perling their lives for our country the enjoyment of the elective franchise.

You opposed filling up our armies by draft.

You incited riotous and bloody resistance to the laws of the land.

You pronounced the war a failure, and called for its abandonment.

You urged the South to reject the most magnanimous terms ever offered to conquered rebels.

You passed laws imposing on freemen the most galling and unjust discriminations, in the halls of justice, on the fields of labor, and in the resorts of trade.

You would not allow a man equal justice before the law because servile blood flowed in his veins.

You would not permit a man to control his own labor who had once been a slave or was the child of a slave.

You would not allow a man to dispose of his own property on equal terms with his neighbor, because his color differed.

You would sell the labor of a colored man on the auction block, as a punishment for not working, when you would not give him employment.

You "fired the Southern heart anew" against the loyal North.

You confer the highest honors on the fiercest and most brutal rebels generals.

You falsely assail the hero to whose energy, sagacity, bravery, and skill we owe the existence of our country, as a "brutal butcher," a "miserable drunkard," a "contemptible liar," a "miscegenationist" and a "scoundrel."

The man most warmly welcomed by you, in National Convention—Napoleon "Buchter" Forrest—dishonored a flag of truce, and shot down his begging victims in cold blood.

The pavements of New Orleans are stained with the blood of the white and black victims of your hellish malignity.

You have rejected every principle the Democratic party formerly cherished.

You propose to trample in the dust, by revolutionary means, the laws of Congress.

Riot, rapine, and revolution are the weapons with which you propose to overthrow all opposition to your will.

You trampled on the ballot-box in 1860 and for five years thereafter, and you threaten to do it again.

The war was your war, begun by you, conducted by you, prolonged by you.—Thousands of homes in our land were desolated by you. Hundreds of thousands of graves were dug by you. Affliction, desolation, and death followed your train. Debt and taxation are the fruits of your treason.

You boast that your triumph would be the triumph of the "Lost Cause."

You avow a policy of repudiation.

You propose an irredeemable paper currency.

You propose to refuse to pay interest on the public debt.

You propose to "tax every species of property" the poor man owns.

You turn out inspectors of elections, forge naturalizations papers, and issue them criminally, and by violence seek to pervert the voice of the people.

The fact that a Republican meeting is to be held, in many States of the Union, is deemed by you of sufficient reason for shooting down those who attend.

Southern Republican editors are none too good for merciless castigation at your hand, and an excited people are murdered in their fear.

Fort Pillow, New Orleans, Camilla, Opelousas—these are your victories.

You court or crush the colored man, just as he accepts or declines your offered political alliance.

You turn into the streets, to starve and die, every colored man who will not vote a rebel ticket.

Reconstruction has been delayed by you. You would have no reorganization that did not place the old lash in your hands, and enable the masters to wreak vengeance on their late slaves.

The future you would give us is a future of terror. Civil war, business prostration, and oppressive taxation are all you offer us.

The past warns us of you. The grave holds up its hands against you. The future implores to be saved from you.

The people heed the supplication, and hence you are rejected.

THE Rebel mathematicians, having exhausted the Democratic gains in Vermont, Maine, and Connecticut, are now busily ciphering away at the National Debt. The latest Democratic gains are as follows:

I. The Radicals expended, during the war for Nigger Supremacy, $9,684,921,444,328,651,430,061,280,679,336,770,000,000 of the people's money!!!

II. The Freedmen's Bureau costs $7,100,200,300,400,500,600,700,800,900,000 annually!!!

III. The present National Debt is $365,738,222,861,239,998,766,412,000,000,010,025,666,666,666,666 64!!!

A piece of silver 25,000 miles in circumference and 8,000 miles in diameter wouldn't begin to pay it!

IV. The current expenses of the Government, as revised by the thoroughly reliable Mr. Delmar, are $7 8 8 8 8.

$900,800,700,600,500,400,300,200,100,000 per year!!!

WALLACE, of the Copperhead State Committee, denounces the assessing and voting of PAUPERS as *illegal*. He didn't know that his friends in this county have been "assessing and voting Paupers" for years—that they control Cumberland township with Pauper votes—and that at the last election they "assessed and voted" *twenty-eight* of them for Boyle and Ent!

STAND by the great Captain!

THE recent elections have inspired the following lines in the brain of a poet:

Indiana supports the Tanner,
Pennsylvania has the mania,
Then old Ohio makes a trio,
While brave Nebraska does what you ask her,
And Jersey blue is coming too.

REPUBLICAN CONGRESSMEN ELECTED.

THE LEGISLATURE REPUBLICAN.

WHEELING, WEST VA., October 25.—11 P. M.—The Republican majority in twenty-seven counties, casting fourfifths of the vote of the State, is forty-two hundred and sixty-seven. The remaining counties will increase this to five thousand. We have elected Republican Congressmen in all three districts of the State. Duval in the First District by 809 majority, McGrew in the Second by 2,200 majority, and Wilcher in the Third by from 800 to 1,000 majority. In the Legislature we have from thirty to forty majority on joint ballot, out of a total membership numbering seventy-eight.

The Democratic special despatches claiming the State are deliberate and persistent lies, intended for effect on the country. WM. P. HUBBARD,

ON Tuesday next the last grand move will be made upon the works of the enemy, and remember that Sheridan leads the van with his ringing battlecry: "EVERY MAN WHO LOVES HIS COUNTRY SHOULD VOTE FOR GRANT."

Virginia, Texas and Mississippi do not vote.

OUR colleague, Hon. EDWARD MCPHERSON, is filling appointments by the State Committee. On Monday he spoke at Trenton, N. J., and at Titusville yesterday. To-night he speaks in Pittsburg, and to-morrow night in Harrisburg.

GRANT AND COLFAX MEETINGS.

The series of Grant and Colfax meetings held in the county during the present week have all been largely attended, accompanied by much enthusiasm. The Hanover Club was out in full force at the McSherrystown meeting, with banners, torches, &c. Capt. McMahon, who spoke at the Two Taverns, lost a leg at the Battle of Gettysburg, is an eloquent Irishman, and made a telling speech. The Bendersville Boys in Blue turned out strongly at Centre Mills, with Brass Band and torches. The Republicans of the county seem to be thoroughly roused to the importance of a full vote next Tuesday, while from various quarters we hear of Democrats who intend to vote for Grant and Colfax. We annex a list of officers so far as communicated to us.

Emmert & Groff have built a fine new Stone house; Mrs. Young and Mr. Kolb have erected dwelling houses, and Mr. D. R. Sayler, Mrs. Catharine Pfouts, Mr. W. H. Renner, and Mr. C. A. Waesche have dwellings in course of erection. The work on the new depot, at the same point, is being pushed forward rapidly by Mr. Frank Cover, and other improvements are being made in the neighborhood.—Messrs. Nottis & Nisley, contractors, have completed the stonework of the Rail Road bridge over the Monocacy, and the grading of Mr. McKaffre's section of the road has been completed.—Wendell Bollman, Esq., has been re-elected President of the Western Maryland railroad company.

FRANKLIN.—The announcement of the death of Hon. Wilson Reilly was a mistake; he is practicing law in Pitsburg.

YORK.—Extensive repairs and improvements are making to St. Joseph's Catholic Church in Hanover.—Christian Pfahler of York has been appointed storekeeper in the U. S. Revenue Department, for the 15th Congressional district.—The bridge at Wrightsville is within three spans of the York county shore; the bridge may be substantially finished within a month, but the company will forbid all travel over it while the river is open.—The residence of Jacob Markley, Washington township, was robbed one night last week by three villains, who entered through a window, and with a pistol pointed at his head ordered him to tell where he kept his money. Mr. M. being an old man complied, the rascals getting $40 and some wearing apparel with which they decamped.

Also, a stand of National and State Colors to the township polling the greatest pro rata increase of Republican votes over the same vote.

The earthquake at San Francisco was severely felt through a considerable portion of the State of California. Several villages to the south and east of San Francisco suffered severely in the destruction of buildings, though no loss of life is reported. In the region of Sacramento the shock was scarcely felt. In the northern part of Alemada county, on the east of the Bay of San Francisco, fissures appeared in the earth, from which issued clouds of dust, and from others volumes of hot water and steam. A despatch from San Francisco states that several new shocks of earthquake have been felt since but doing no damage.

OUR Southern despatches and extracts from Southern papers continue to prevent a painful record of the system of violence, riot and assassination pursued in that section in the interests of the Democracy.—The latest items added to the unceasing tale of bloodshed is the assassination of a Republican member of Congress in Arkansas; of the murder of another Republican in the same State, who was too outspoken for that region, and of the killing, in Texas, of an Agent of the Freedmen's Bureau.

REPUBLICANS, do not relax your energies because you were victorious on Tuesday. Let every man put his shoulder to the wheel and aid in making the majority for Grant and Colfax unprecedented.

THREE townships in Lancaster county—the three Earls—Earl, Earl East and Earl West—rolled up a Republican majority on Tuesday, of last week, of eight hundred and nineteen. It will be nine hundred in November.

Special Notices.

WOMAN—FEMALE, OWING TO THE PECULIAR and important relations, which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contributes in no small degree to their happiness and welfare, for none can be happy who are ill. Yet only so, but no one of these various female complaints can long be suffered to run on without involving the general health of the individual, and ere long producing permanent sickness and premature decline. Nor is it pleasant to consult a physician for the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so far sacrifice her peculiar delicacy as to do this. These will be thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of these troublesome complaints peculiar to the sex.

HELMBOLD'S EXTRACT OF BUCHU.—Hundreds suffer on in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is far oftener caused by direct irritation applied to the mucous membrane of the vagina itself.

When reviewing the cause of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simply justice to the subject to enumerate a few of the many additional causes which so largely effect the life, society, and which, consequently, the exercise of, directly, the welfare of the entire human family. The mania that exists for premature and secret marriage, causes the years that nature designed for consummation by the married and perverted in the early confinement of the sexual organs, large-hop, a good Double House, and other outbuildings in good order; also on the land of Jacob Nell, Edward Hersley, and others, on the state Road leading from East Berlin to Dillstown, about 4 miles from East Berlin, and about 2 miles from Bruntown, containing 140 Acres more or less. The improvements consist of a two-story Frame Dwelling House, with backbuilding; a large Bank Barn, Corn Cribs, Wagon Sheds, Spring House, with a never-failing well of water convenient to the house, a Cider Press, large-hop, a good Double House, and other outbuildings in good order; also on the land of Christ. The Farm is under good cultivation, and the land in a high state of cultivation. About 20 Acres are in prime Timber, mostly heavy White Oak, with a fair proportion of good Meadow. It lies within six miles of good Lime Kilns.

DAMAGE PETITIONS.—The Com- missioners furnish blank Abstracts, free f charge, to parties wanting to use them, ut the other Blanks must be provided by laimants at their own expense. Printed lank petitions, with affidavits, can be had t the "STAR AND SENTINEL" office. To void confussion and delay, it would be well for parties to prepare their claims in advance of the next meeting of the Com- missioners.

Upon this subject, we find this item in one of our late exchanges, giving the number of claims already presented in the counties named:

Franklin county, 1,504, amounting to $737,962.07, or an average of $490.59 to each; Fulton county, 127, amounting to $41,669.60, or an average of $328.08 each; Perry county, 5, amounting to $633.85, or an average of $126.75; Bedford, 47, amount- ing to $8,984.92, or an average of $81.72; Cumberland, 132, amounting to $24,282.82, or an average of $184.73. The total is 1,815, amounting to $808,483.26 or an average of $445.41. It is estimated that there will be in all the border counties nearly four thousand claimants with an aggregate amount of damages of between fifteen hundred thousand and two million dol- lars.

THE TORCH-LIGHT PROCESSION.—The demonstration in this place on Friday night last, in honor of the recent Republi- can victories, was an imposing one, notwithstanding the brief notice. The procession was formed in the diamond at 7 o'clock, by Capt. HUNTER of the Grant and Colfax Club, and marched through the leading streets—the banners, Chinese lan- terns, torches, &c. making a handsome ap- pearance. "Young America" expressing a desire to participate, a number of small square lanterns had been expressly pre- pared for them, with the letters G—R—A —N—T appearing on them alternately, which were carried by boys.

Dr. TATE had an illuminated omnibus in line, with appropriate mottoes, follow- ed by a tender with a party of "Carpet- baggers," who had charge of a large *buck*, and seemed to hail from the "Buckeye" State.

Another marked feature was a large open wagon, neatly ornamented, and carrying a number of little girls, who made the streets vocal with patriotic songs—got up by Mr. NICHOLAS WEAVER.

A number of dwellings along the line of march were illuminated, some of them brilliantly, numerous national flags and portraits of Lincoln, Grant and Washing- ton, being displayed.

After marching through the streets the procession halted in front of the "STAR & SENTINEL" building, which had been pro- fusely decorated with pine, flags, &c., by the Boys-in-Blue. The crowd at this time blocked up the street, and in response to calls, were successively addressed by D. A. Buehler, Esq., Lieut. Wm. R. Eyster, A. J. Cover, Esq., Hon. Edward McPher- son, and Lieut. D. L. McKenzie.

The entire demonstration was a success, the enthusiasm along the line of march and during the speaking manifesting itself in continued cheering. The Committee in charge of the arrangements, who deserve much credit for their energy, were—Lieut. A. M. Hunter, Lieut. Wm. R. Eyster, R. M. Schick, John M. Warner, John M. Krauth, Frank D. Duphorn and Samuel McAllister.

LIST OF CLAIMS FOR DAMAGES.—

We mentioned last week that the Com- missioners appointed under the law, met in Gettysburg last Wednesday and Thurs- day, and received a considerable number of claims. They then adjourned to meet on the 10th and 11th of November, when they will hear the remaining claims. We think as many will be presented then as were presented last week; and would not be surprised if the entire number in Ad- ams county should reach 1,000. There are over 1600 in Franklin.

We expressed the opinion last week that the claims would average $600. We think that is too large an estimate, by nearly one half, as the subjoined figures will show.

In view of the crowd and pressure, likely then to occur, we suggest that claimants would better prepare their statements and proofs in advance of the 10th and 11th of November.

The Star and Sentinel.

Gettysburg, Friday, Oct. 30, 1868.

[For the Star and Sentinel.

Why is it that those who have favorable locations for growing peaches in Adams county do not take advantage of it? The South Mountain region has many a hill side and nook where peaches are a pretty certain crop, if good varieties are planted and the trees get a fair share of attention. The great cause of early decay is the peach worm or borer, whose ravages can be prevented without consuming much of the profits.—This one thing accomplished, the trees are not as short lived as is generally supposed. The early decline of many orchards is taken as an inherent disease of the plant, yet can be traced entirely to the depredations of the borer. It matters not if a man is 15 or 20 miles from market, if he can grow them he can haul them as carefully as he would eggs ,when they command from $3 to $6 per bushel, as they have the last few years. We do not hesitate to say that on suitable locations they are one of the most profitable crops that can be grown.

The malformation of the Grape spoken of in the "*Star and Sentinel*," a few numbers back, frequently occurs both on the wild and cultivated vine. By persons not better informed in vegetable physiology ridiculous ideas are formed of their being the result of accidental hybredization with the apple, tomatoe or other plant, they are found in close proximity to the. The writer has heretofore believed they were an excrescence produced by wounds, yet the usual presence of something like seeds indicate a higher development, and a closer examination of several specimens the present summer led him to conclude they are the result of malformed germs or buds. C.

Screened.—Midsummer is the best time in which to buy a farm; to judge of its fertility, its running water, its weed and its fruit.——A little slacked lime sprinkled on a roof in a rainy day will clear off the moss and give added durability to the shingles. ——Iron oxbows are approved by a farmer who has tried them for eight years. It is hardly worth while however for Western farmers to buy oxen for the sake of using them.——A New England farmer escapes the potato rot by using potatoe sfor seed that have been in the ground undug all winter,—taking care to cover them so that they do not freeze.——To teach cows to come home of their own accord at night without spending half an hour in "co-bos" ing them, feed them a little fresh cut, juicy corn fodder in its season every night, and "mess" them at other times of the year. That will do double service as cow-boy and milk-increaser.——Grass cut before it ripens seed is just the mulch for strawberry beds.——No one should let chickens run loose in villages; keep them in a pen during the day and let them out for an hour before sundown.—They will make short work of bugs in yard and garden, and go into the pen of their own accord at bed time.——When a horse sticks up his ears as if snuffing danger in a certain direction turn his head the other way and nine times out of ten he will forget that he was getting scared.——There is an enormous amount of gardening deyoted simply to killing weeds. Half the labor given to keeping out weed seeds would accomplish far more.——Learning to swim should be an indispensable part of country education. But let parents teach their own boys (and girls too.) There is a great deal of wickedness picked up by "going in swimming" with bad boys.——If there is any hobby that is pardonable and profitable it is that of having good tools and sharp ones.——The horse stable is no place for fowls to be roosting and scratching. The horse is too dainty to enjoy food that they have scratched over.——The New Lebanon Shakers raise splendid roses, and attribute their success to the free use of salt as a topdressing for the bed. It drives off the insects also.——The *Utica Herald* announces as the average results of careful experiments in feeding corn to hogs, that two bushels of corn in the ear, or one bushel of shelled corn, will make nine and seventwentieths pounds of pork, while the same amount ground into meal and mixed with water will make eleven and one-eighth pounds. If the clouds are unkind and withhold the rain, keep the hoes and cultivators going in garden and cornfield.—Some people hoe only when there are weeds to kill. Probably they eat only when the food is in danger of spoiling.——Lime and soot mixed and sown on turnips will drive off the turnip fly.——Close mowing a lawn encourages the fine grasses and kills the coarse ones.——Medium crops continually are more to be sought for than premium big crops once in a while.——With a deep soil and trees deeply set top-dressing of manure will do an orchard about no good at all.——Cows are in no danger of choking on turnips if they are fed to them with the tops on.——Some fruit growers assert that the Kittatinny blackberry is too tender to stand any chance with the Lawton in the hard winters.——In cases of blind staggers *The Stock Journal* says, the first thing to be done is to tap the jugular vein and take as much blood as will restore the horse the use of his limbs. Their use the stomach pump or give medicine for the bowels, as the case may need.—*Chicago Advance.*

Winter Protection of Trees.—Great damage is annually done to trees—both fruit and ornamental—by mice. These little animals being deprived of their usual supply, which they collect from other sources, while the ground remains uncovered, are forced to forage upon the nursery, and the young trees in the orchard, to which their attacks often prove highly injurious if not fatal. The most effectual method of protecting trees from mice, which I have ever seen adopted, is to place from half a bushel to a bushel of old, well-rotted manure around the trunk of each tree, compressing it slightly with the foot or back of a shovel, leaving the whole in a pyramidal form, which gives greater stability than could otherwise be secured to the mass. When the manure freezes, it is utterly impenetrable to mice and affords perfect protection to the tree.—It is also ready to afford substance to the roots, above which it should be spread early in the spring.

Shavings and the boughs of evergreen trees are sometimes used, but these are unsuitable, as they afford shelter to the vermin who flee to it for protection on the first fall of snow, and find a supply of food in the bark of the very trees they were placed there to guard. By stamping down the snow at the commencement of the season, and keeping it consolidated, the mice will be kept away as effectually, perhaps, as by the above method, and where manure is not at hand, it is undoubtedly as cheap as can be adopted. Trees that have been barked are sometimes saved by banking them up with good soil. I have sometimes made use of a compost of one part of a mixture of common wood ashes, plaster and salt—the last three in equal quantities—the whole being thoroughly mixed before using, and placed so as completely to cover the wound. This is a cheap application, and as effectual as any, perhaps, that can be used.—Rural, *in Germantown Telegraph.*

Cold-blooded people who have not been carried off by the base-ball playing enthusiasm, will sympathize with the philosophical remark of a Digger Indian in Nevada, who sat watching a party of base-ball players. They seamed to him to be working very hard, and, turning to one of them, he asked: "How much do you get one day?"

The Chinese Government having (through the Hon. Anson Burlingame) conceded to the Company the privilege of connecting the present system of Telegraphs by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton	1,000,000
Macao	60,000
Hong-Kong	120,000
Swatow	200,000
Amoy	250,000
Foo-Chow	1,000,000
Wan Chu	500,000
Ningpo	160,000
Hang Chow	1,200,000
Shanghai	1,000,000
Total	5,910,000

These ports have a foreign commerce of $900,000,000, and an enormous domestic trade, beside which we have the immense internal commerce of the Empire, radiating from three points, through its canals and navigable rivers.

The cable being laid, this Company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as every where else, the commercial centres of the Government, of business, and of social life, especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled, but few yet realize that she contains more than a third of the human race. The latent returns made to her central authorities for taxing purposes by the local magistrates make her population *Four Hundred and Fourteen Millions*, and this is more likely to be under than over the actual aggregate. Nearly all of land, which is over ten years old, not only can but do read and write. Her civilization is peculiar, but there is as much as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every prefered facility for procuring early information. It is observed in Californias that the Chinese speak great wonders of the telegraph, though it there transacts no business in English alone. Lastly great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence.—Steamers, were now in operation, connecting all their great business would pay the cost within the first two years of its existence—for operating, and will steadily increase thereafter.

No enterprise commends itself as in a greater degree remunerative to capitalists, as well as to the people. It is of a vast national importance commercially, politically, and commercially.

☞The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment, by editorial articles in the New York *Herald, Tribune, World, Times, Post, Express, Independent*, and in the Philadelphia *North American, Press, Ledger, Inquirer, Age, Bulletin* and *Telegraph.*

Shares of this Company, to a limited number, may be obtained at $50 each, $10 payable down, $15 on the 1st of November, and $25 payable in monthly instalments of $2.50 each, commencing December 1, 1868, on application to
